DEPOBOX
depozitare inteligentă

DepoBox si-a obtinut reputatia de furnizor de incredere in ceea ce priveste cutiile de plastic pentru manipularea, depozitarea si transportul materialelor cu aplicatii diverse in industrii specifice. Gama larga de cutii cu multipla utilizare in domeniul casnic, hotelier, industrial, medical si farmaceutic, alimentar, comercial etc este disponibila intr-o varietate de culori, dimensiuni, forme si capacitati de stocare.

Produsele furnizate de DepoBox - cutii, lazi, sertare, cosuri, carucioare, pardoseli - se caracterizeaza prin robustețe, manipulare usoara si capacitate mare de stocare, potrivindu-se perfect in zone de montaj si asamblare, depozite industriale, precum si in fabrici de paine sau in cele de prelucrarea laptelui si carni. Totodata, produsele DepoBox pot fi utilizate cu succes si pentru transportul si depozitarea fructelor si legumelor, in magazine pentru vanzarea cu amanuntul, in hoteluri si restaurante, dar si in spitale, clinici medicale sau farmacii.

Sistemele de depozitare DepoBox sunt ideale pentru materiale de dimensiuni variate - mici, medii si mari, cum ar fi: piese si subansamble, scule, jucarii, medicamente, nasturi, materiale medicale, paine, carne, peste, documente, mancare pentru animale de companie, produse expuse pentru comertul cu amanuntul si multe altele.

Datorita capacitatii de stivuire, utilizarea cutiilor si lazilor de plastic asigura reducerea costurilor de manipulare, depozitare si transport. Sunt disponibile intr-o mare varietate de culori, dimensiuni si capacitati, fiind concepute pentru un transport usor si sigur. Sunt destinate a fi utilizate atat pentru manipularea manuala cat si pentru cea automata, sunt durabile si foarte usor de curatat.

Modulele pot fi separate doar într-un singur sens. Niciodată nu se vor lovi cu ciocanul.

Modulele pot fi asamblate orizontal și vertical astfel încât se pot adăuga unități în orice direcție.

Please remember that the modules only can be separated in one way. Never hit with a hammer.

The modules can be assembled horizontally and vertically so you can add other units in any direction.

Les caissons seulement se peuvent séparer en un sens unique. S'il vous plaît, jamais utiliser un marteau.

Les modules peuvent être assemblés horizontalement et verticalement en quelque sens.
